## NOTES

### Allotment Advice

Our Allotment adventures are just for entertainment  
- please do emphasise with your Bubble that they can NOT just turn up and eat someone else's fruit and veg!

### 'who did it' discussion

the aim of this discussion is to emphasise that in everything we do, we are in a partnership with someone else - they may be right in front of us, or we may never have even met them. Christians believe that a person lives their whole life in partnership with God.

### The Enormous Picnic

Traditionally called the feeding of the 5000. The account states 5000 "men" - there would have been women and children too, so 10,000 is not an unfair estimate.

### Share-abet

Think of things you can share when we're not allowed to share things!  
As a bubble list at least 26 things that can still be shared right now - one for each letter of the alphabet.

**We've given you some hints right here**

### 2 Minute Meditation

The idea of this prayer time is for children to silently acknowledge the good things they have - a kind of 'count your blessings' exercise.

You may have to judge how long the children can cope with being silent! - we encourage that you trust them to join in appropriately

You may wish to invite children to share what they acknowledged, or leave it purely private.
