3

## OPTIONAL ACTIVITIES

### Missing Item games:

- Tell all your children to take out the blue pen and sit on it! Now ask them to draw a picture of the seaside without using the colour blue.
- Ask one/two volunteers to complete a puzzle(s) - hide a piece visible to the everyone except the volunteer(s)
- Ask the children to draw a full-page portrait, but give them paper with a large whole in the middle cut out  
NB: In each case, discuss what it was like afterwards.

### Values discussion

- Ask the children to recall as many of their school values as they can, and list them (you may need to have researched beforehand).
- Ask the children to think of examples of things they can do to live out their school values in their Bubble (Eg: 'Team work' - make sure that anyone left out has a part to play).
- Use this discussion to draw up a charter of behaviour for your bubble

### Paper Chain Sentence

- Explain to the children that just like a puzzle is not complete without all its pieces, your bubble is not complete with out all its children. To emphasise this we are going to make a 'Sentence Chain' - we all have to do it because if one word is missing - it won't be a complete sentence and it won't even make sense
- Each child writes a their word on paper, and also their name on their strip of paper. They can be encourage to doodle and decorate as they like.
- Hang the paper chain as a reminder that you are ALL part of your ONE bubble.

Sentence suggestion: (30 words long)

**"Each and every one of us is an important member of our fantastic Bubble and we will help each other to learn, grow and care using our amazingly different talents!"**
